ROLE OVERVIEW

STEM Education Volunteers play a crucial role in supporting AltaSea’s Project Blue initiative by engaging learners in science, technology, engineering, and mathematics (STEM) activities. Volunteers facilitate educational programs and assist with hands-on workshops to inspire the next generation of ocean leaders.

RESPONSIBILITIES

- Assist instructors in delivering STEM-based curriculum to students.
- Assist in delivering interactive learning activities, experiments, and demonstrations and provide guidance and support during hands-on projects.
- Help set up and organize materials for workshops and educational events.
- Collaborate with staff to create a positive learning experience.

REQUIREMENTS

- Passion for STEM education and environmental conservation.
- Strong communication and interpersonal skills.
- Comfortable working with diverse groups, including students of all ages.
- Basic understanding of STEM concepts preferred but not required.
- Ability to walk and stand for extended periods of time.
- Ability to lift and carry up to 25lb.
- Ability to be outside for extended periods of time.
